Norman Townshend-Zellner Award

David (Saul) Jameson

Data Scientist / Strategist
Orange County, California Area

Summary

I love creating and testing models on anything from education to entertainment.

Experience

Reborn Cabinets

Data Scientist

December 2018 - Present (1 year 4 months)

Worked with executive team to visualize KPI's for the marketing, sales, and operations departments.

Automated reporting by creating bot to refresh and publish Power BI reports over night.

Project managed setting up an AWS EC2 instance with MS IIS and MS SQL Server to call and store data from a CRM's API to make more data available than the API alone did in a single call.

Utilized econometric modelling to optimize strategies. Created Zip code ranking system to determine areas with average 10% higher close rates and 20 % higher sales volume.

CSUF Social Science Research Center

Research Supervisor

June 2018 - December 2018 (7 months)

Orange County, California Area

Assisted in the cleaning, collection, and analytics of data for various research projects.

Supervised up to 24 research assistants in a lab at a time.

Le Waijiao (VIPX)
English Second Language Teacher
May 2018 - July 2018 (3 months)
Beijing City, China

Taught a Summer semester of ESL classes in a virtual classroom to students in China ages 6-10.

Education

California State University, Fullerton
Bachelor's degree, Economics · (2016 - 2018)
