Eric Vela

Data Scientist at ListReports
Orange, California

Summary

I am a detail-oriented, self-motivated student striving toward a Bachelor of Science degree in Data Analytics at Chapman University. Currently, I am in my senior year where I hope to apply my knowledge and skills from my internship to my academic work and vice versa. I currently take 2 classes and work for ListReports as a Data Analyst Intern. Following my graduation in December, I have accepted a full-time position starting January 6th as a Data Scientist for ListReports.

Apart from my studies, I enjoy video games, soccer, meeting new people, and spending time with friends and family. I am involved in Phi Kappa Tau, a social fraternity on campus, where I am the VP of Alumni Relations and I am a Program Coordinator/Officer for Well Played Gaming at Chapman.

Experience

ListReports

1 year

Data Scientist

January 2020 - Present (3 months)

Orange, CA

Data Analyst Intern

April 2019 - December 2019 (9 months)

Orange, CA

- Specialized in internal product data and ensured accurate reporting across all departments
- Built key data sets to empower operational and exploratory analysis
- Created automated analyses and created data pipelines via SQL and Looker
- Monitored key metrics to understand the root causes of changes in data trends
- Shared information about objections, roadblocks, and challenges with internal teams to find solutions

Phi Kappa Tau Fraternity

2 years 1 month

Vice President of Alumni Relations

December 2018 - December 2019 (1 year 1 month)

Epsilon Sigma Chapter at Chapman University, Orange, CA

- Plan and lead events connecting chapter alumni with current members
- Contribute to chapter operations and planning by holding a chair on the chapter's executive council
- Provide networking opportunities for active members
- Host alumni career presentations for members to receive career guidance
- Create and send out newsletters to update alumni on chapter events

Service Chairman

December 2017 - December 2018 (1 year 1 month)

Epsilon Sigma Chapter at Chapman University, Orange, CA

- Lead 80+ members by embodying our core values: learning, leading, serving
- Supervised community outreach efforts by communicating with local philanthropies
- Organized and tallied volunteer hours to meet chapter goals
- Coordinated and collaborated with philanthropy chair on special events to raise money for charity

CoreLogic

Data Analyst Intern

June 2018 - December 2018 (7 months)

Irvine, CA

- Collaborated on the EDG Ticketing System Data Mining project alongside a team of Data Scientists, Data Analysts, QAs, and Project Manager
- Heavily developed an interactive analytics dashboard used to monitor the performance of employees, ensure quality data gathering, highlight areas of concern, and create up-to-date reports
- Shadowed data scientists to understand and apply machine learning algorithms on our data
- Performed weekly user interface demos for stakeholders to receive and implement user feedback
- Provided accurate documentation for future developers

YMCA of San Diego County

Camp Counselor

June 2017 - August 2017 (3 months)

Encinitas, CA

- Enhanced communication skills by collaborating with staff, parents, and children
- Lead specialty baseball and golf camp for up to 30 campers
- Instructed 60 children (ages 5-14) in numerous sports and activities
- Provided an enthusiastic and collaborative atmosphere for campers to enjoy
- Managed and organized sporting drills, games, and other camp activities

Sports Authority

Sales Representative

June 2016 - August 2016 (3 months)

Encinitas, CA

- Served as a main point of contact for sales, complaints, and advice
- Provided solutions for customers based on unique needs
- Oversaw merchandising and inventory efforts to optimize store organization
